The purpose of the LVCP Grant is to provide funding to support the implementation of local violent crime prevention programs within local law enforcement, and improve the quality of crime data reporting in compliance with the National Incident-Based Reporting System (NIBRS). The grant will support projects that leverage existing government resources to reduce violent crime against communities and law enforcement in the state of Missouri. Additionally, it will create accountability for law enforcement agencies implementing and maintaining violence reduction strategies. Successful applicants will recruit, train, and supervise AmeriCorps Members to perform duties that may include:• Fatigue monitoring• Data collection• Enforcement information dissemination• Community outreach• Crime prevention education• Violent crime reduction efforts. Examples of allowable items include, but are not limited to:• License Plate Readers• Anidata Security Services (MDT)/Mobile Data Computers (MDCs)• Body-Worn Cameras• Video Detection Technology• Gunshot Detection Technology• JUST Information Sharing Technology• Communications Systems• Office Equipment• Vendors and Software• Biometric Equipment• Equipment to assist in youth engagement programs• Evaluations of interventions on the Missouri Evidentiary Evidence Exchange that are assessed as having Moderate or Strong evidence. Please note that many of these interventions have demonstrated effectiveness in similar communities and service areas, but NAP will only consider interventions that have demonstrated effectiveness in underserved communities and that the agency has committed resources to supporting. NAP will peer review external packages to determine the feasibility of the proposed interventions, and ensure that they align with the needs of the community. This intervention has a time limit of three years from the time the grant is awarded. Adminstrative and overhead costs cannot exceed 15% of total funding. NAP awards are made available in blocks of time:• $250,000 in 50% credits or $12.6M for FY22 (awarded in 2021 and available in 2022)• $12.6M for FY22 (awarded in November 2021 and available in 2022)Applications will be peer reviewed based on the 15 Evidence Based Interventions for the 15 LVCP Interventions listed in the LVCP NOFO. 10. Be a state or local government, nonprofit (501c3), or non-profit organization in the provision of services to crime victims.

The Victims of Crime Act (VOCA) Unit funds programs to prevent and address the effects of violent crimes, support crime victims, provide services to crime victims, and increase the effectiveness of the criminal justice system. While there are many types of projects that qualify for the Youth Opportunities Program, the VOCA Unit has prioritized proposals that directly address the following:

- Promote coordinated public and private efforts to aid crime victims within the community.
- Demonstrate a record of paying crime victims compensation benefits.
- Comply with the applicable provisions of VOCA, the Program Guidelines, and the requirements of the OVC Financial Guide.

The VOCA Unit also serves in an oversight role to nondirect grant subrecipient agencies which are generally nonprofit organizations and businesses with the VOCA application process by offering technical assistance, funding, and planning assistance to support services to crime victims.

YOP Goals:

- Increase the number of at-risk youth receiving a high school diploma or equivalency.

Centers need to provide a range of high-quality services to support student learning and development, including tutoring and mentoring, homework help, academic enrichment (such as hands-on math, reading/language arts, and science, STEM programs), community service opportunities, arts, sports, and cultural activities. At the same time, centers help working parents by providing a safe environment for students during non-school hours or periods when school is not in session. Applicants are encouraged to consider a wide range of school and community-based programs, people, and resources that can be effectively incorporated into the 21st CCLC to help enhance student achievement and youth development. Examples include, but are not limited to, the following: student peer tutors, mentors and educators, retired teachers, and other senior citizens qualified to provide educational services; licensed teachers, pupil services, and library services personnel; service-learning and other experiential forms of education; family action teams; and increased use of library facilities.

The DESE will restrict awards to applications that propose to primarily serve students who attend schools that are eligible as Title I schoolwide programs (40% or more of the student population is eligible to receive free and reduced-price meals). Any public or private organization is eligible to apply. Examples of agencies and organizations eligible under the 21st CCLC program include, but are not limited to: public schools, local education agency (LEA), charter schools, private schools, non-profit agencies, faith and community-based organizations, institutions of higher education, and for-profit corporations.

21st CCLC programs are required to provide the following programmatic components, among others:
- Offer students a broad array of additional services, programs, and activities; such as, youth development activities, service learning, nutrition and health education, drug and violence prevention programs, counseling programs, physical fitness and wellness programs, technology education programs, financial literacy programs, environmental literacy programs, and career and technical programs, internships or apprenticeships, and other ties to in-demand industry sectors or occupations for high school students that are designed to reinforce and complement the regular academic program of participating students.

FY21 total funding was $17,958,639, with max awards of $400,000 per application, per year, for a one-year performance period subject to one-year extensions for up to five years.

- Letter of Intent Due: Friday, May 14, 2021
